From Interstate-95 exit 182A to I-395 East. Take Exit 3A Farm Road/Hampden. Turn left at the end of the off ramp onto the Farm Road and proceed to the end. Take a right onto Main Street (Rt. 1A). You will soon see McLaughlin Seafood located 0.25 miles on the left.

Enjoying your Maine Lobster

1. Twist off claws and crack open.

2. Separate the tail from the body and break off the tail flippers.

3. Insert a fork and push the tail meat in one piece. Remove and discard the black vein which runs the entire length of the tail meat.

4. Open the body by cracking it apart sideways. Maine Lobster meat lies in the four pockets (or joints) where the small walking legs are attached. The small walking legs also contain excellent meat which can be removed by sucking the ends of the legs.
